Cinequest Virtual Film Festival 2021 Reimagined As Cinejoy featuring the Artists & Films of Cinequest

SILICON VALLEY—Cinequest's legacy as 'the future of film' brought to life the world's first online film festival in 2005-07, as our board and partners pioneered media technologies and implementations. Cinequest accepted the challenges of our current world by creating a new online event, challenging ourselves to make it vanguard, maverick, and democratizing opportunity and access.

With the help of our team of designers and engineers, Cinequest rallied to present the alpha edition of what has been reimagined as *Cinejoy featuring the Artists & Films of Cinequest*. Now we proudly present an evolved *Cinejoy*, March 20-30, presenting a groundbreaking lineup of Live Spotlight Events, Parties, plus 199 Showcase Films and Television (111 of which are World & U.S. Premieres) from 55 countries.

"What differentiates Cinequest started from its founding team being a dynamic combination of artists, technologists, and leaders. You'll find this reflected in our Leadership Council which includes legendary innovators Steve Wozniak (co-founder Apple Inc.) and Marty Cooper (father of the cell phone), as well as producers, writers, educators, and entrepreneurs. The commonality is creativity and a commitment to open access and opportunity to all people." Halfdan Hussey, Co-Founder & CEO
